#### **False Information**

If it is determined that a Vendor purposely or willfully submitted false information, the Vendor will not be considered for award, the Authority may pursue debarment of the Vendor, and any resulting Contract that may have been established will be terminated. If the Authority believes that grounds to debar exist, it shall, pursuant to the Michigan Administrative Code Rules 125.211-125.216, send notice to the Vendor of proposed debarment indicating the grounds for proposed debarment and the procedures for requesting a hearing

\_\_\_\_\_ (Initial)

### **Representations**

#### **A. Subcontractors**

1. The Vendor shall require each Subcontractor whose subcontract will exceed \$25,000 to disclose to the Vendor, in writing, whether, as of the time of the submission of Vendor's response to this RFP, the Subcontractor or its principals is debarred, suspended, or proposed for debarment by the State. The Vendor shall then inform the Authority of the Subcontractor's status in its response and

provide reasons for the Vendor's decision to use Subcontractor, if the Vendor so decides.

2. Indicate below **ALL** work to be subcontracted under any resulting Contract (use additional attachment if necessary; estimates are acceptable):

Description of Work to be sub-contracted	Percent (%) of total contract value to be sub-contracted	Sub-contractor's name and principal place of business (City and State)

## **Disclosures**

### **Vendor Compliance with State and Federal Law and Debarment**

1. The Vendor certifies, to the best of its knowledge that within the past (3) years, the Vendor, an officer of the Vendor, or an owner of a 25% or greater interest in the Vendor:

Has \_\_\_\_\_ Has Not \_\_\_\_\_ been convicted of any offense which negatively reflects on the Vendor's business integrity, including but not limited to embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, state or federal antitrust statutes;

Has \_\_\_\_\_ Has Not \_\_\_\_\_ been convicted of any other offense, violated any other state or federal law, as determined by a court of competent jurisdiction or an administrative proceeding, which, in the opinion of the Authority, indicates that the Vendor is unable to perform responsibly or which reflects a lack of integrity that could negatively impact or reflect upon the Authority or State.

- a. An offense or violation under this paragraph may include, but is not limited to, an offense under or violation of:

Has \_\_\_\_\_ Has Not \_\_\_\_\_ failed to substantially perform an Authority or State contract or subcontract according to its terms, conditions, and specifications within specified time limits;

Has \_\_\_\_\_ Has Not \_\_\_\_\_ violated Authority or State bid solicitation procedures or violated the terms of a solicitation after bid submission;

Has \_\_\_\_\_ Has Not \_\_\_\_\_ refused to provide information or documents required by a contract including, but not limited to information or document necessary for monitoring contract performance;

Has \_\_\_\_\_ Has Not \_\_\_\_\_ failed to respond to requests for information regarding Vendor's performance, or accumulated repeated substantiated complaints regarding performance of a contract/purchase order; and

Has \_\_\_\_\_ Has Not \_\_\_\_\_ failed to perform an Authority or State contract or subcontract in a manner consistent with any applicable state or federal law, rule, regulation, order, or decree.

- 2.** For purposes of this Section, "Principals" means officers, directors, owners, partners, and any other persons having primary management or supervisory responsibilities within a business entity. The Vendor certifies and represents, to the best of his knowledge that the supplier and/or any of its Principles:

- 3.** The Vendor shall provide immediate written notice to the Authority if, at any time before the purchase award, the Vendor learns that its certification was erroneous when submitted or has since become erroneous because of changed circumstances.

4. A certification that the Vendor or its Subcontractors is presently debarred, suspended, proposed for debarment or declared ineligible for award of a purchase by any state or federal agency will not necessarily result in withholding an award under this solicitation. However, the certification will be considered in connection with a determination of the Vendor's responsibility. Failure to furnish the certification or provide such information as requested by the Authority may render the Vendor response non-responsive.
5. Nothing contained in this Section shall be construed to require establishment of a system of records in order to render, in good faith, the certification required this Section. The knowledge and information of a Vendor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of commercially reasonable dealings.
6. If it is later determined that the Vendor knowingly rendered an erroneous certification under this Section, in addition to the other remedies available to the Authority, the Authority may terminate any resulting contract for default.

**Part I Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

**Note.** If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

**Part II Certification**

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
- I am a U.S. citizen or other U.S. person (defined below).

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

<b>Sign Here</b>	Signature of U.S. person ▶	Date ▶

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Purpose of Form**

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

**Note.** If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

**Other entities.** Enter your business name as shown on required federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/disregarded entity name" line.

## Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the "Exempt payee" box in the line following the "Business name/disregarded entity name," sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

**Note.** If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),

2. The United States or any of its agencies or instrumentalities,

3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,

4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or

5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,

7. A foreign central bank of issue,

8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,

9. A futures commission merchant registered with the Commodity Futures Trading Commission,

10. A real estate investment trust,

11. An entity registered at all times during the tax year under the Investment Company Act of 1940,

12. A common trust fund operated by a bank under section 584(a),

13. A financial institution,

14. A middleman known in the investment community as a nominee or custodian, or

15. A trust exempt from tax under section 664 or described in section 4947.

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 5 and 7 through 13. Also, C corporations.
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 <sup>1</sup>	Generally, exempt payees 1 through 7 <sup>2</sup>

<sup>1</sup> See Form 1099-MISC, Miscellaneous Income, and its instructions.

<sup>2</sup> However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney, and payments for services paid by a federal executive agency.

## Part I. Taxpayer Identification Number (TIN)

**Enter your TIN in the appropriate box.** If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

**Note.** See the chart on page 4 for further clarification of name and TIN combinations.

**How to get a TIN.** If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at [www.ssa.gov](http://www.ssa.gov). You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at [www.irs.gov/businesses](http://www.irs.gov/businesses) and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting [IRS.gov](http://IRS.gov) or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note.** Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

**Caution:** A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

## Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, below, and items 4 and 5 on page 4 indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt Payee* on page 3.

**Signature requirements.** Complete the certification as indicated in items 1 through 3, below, and items 4 and 5 on page 4.

**1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.

**2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

**3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

**Foreign person.** If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

**Nonresident alien who becomes a resident alien.** Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

**Example.** Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

**What is backup withholding?** Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

#### **Payments you receive will be subject to backup withholding if:**

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

#### **Updating Your Information**

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

#### **Penalties**

**Failure to furnish TIN.** If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

**Civil penalty for false information with respect to withholding.** If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

**Criminal penalty for falsifying information.** Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

**Misuse of TINs.** If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

#### **Specific Instructions**

##### **Name**

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

**Sole proprietor.** Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

**Partnership, C Corporation, or S Corporation.** Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

**Disregarded entity.** Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income will be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a domestic owner, the domestic owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, you must complete an appropriate Form W-8.

**Note.** Check the appropriate box for the federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

**Limited Liability Company (LLC).** If the person identified on the "Name" line is an LLC, check the "Limited liability company" box only and enter the appropriate code for the tax classification in the space provided. If you are an LLC that is treated as a partnership for federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC (required to be identified on the "Name" line) is another LLC that is not disregarded for federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

**4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

**5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

### Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

### Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to [phishing@irs.gov](mailto:phishing@irs.gov). You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. ## Design Review and Response Protocol

### Reviews and Responses

- 1) Reviews and responses must have a heading at the top of the page indicating the sender, date of the review or response, and MSHDA development name and number. For the date of the review or response, use the date the document is sent via e-mail.
  - 2) Send reviews and responses via e-mail as an attached document (preferably as a Word document). Include copies to all parties included in the Contacts List dated
- 

### Reviews

- 1) Identify the documents reviewed by sheet number and latest revision date. If dates vary, indicate the date of each document so that all parties can identify the documents reviewed. Indicate the date you received all information necessary to do the review. Normally this would be the date the Reviewer has both the written response and the revised drawings and specifications.
- 2) All recommendations must be specific. Indicate where to find the reviewed item and the specific outcome required, i.e. changes to be made, additional information to be provided, or clarifications required. If meeting a MSHDA Design Standard is the issue, reference the MSHDA Standard. Review comments are not limited to specific MSHDA Design Standards and Code issues. Reviewers may include any items that, in their professional opinion, would improve the design of the development or the effectiveness of the contract documents.
- 3) Send all reviews to the Architect of Record for the development as the person responsible for the response.
- 4) Continue the review process until the Architect has satisfactorily addressed all comments in the latest review response or until MSHDA accepts remaining responses in writing. If all review comments have been satisfactorily addressed in the construction documents, issue a final review with responses noted as satisfactory. The Reviewer may defer to MSHDA concerning any response the Reviewer feels appropriate to leave to a decision from the MSHDA Design Review staff.

### Review Response

- 1) The Architect of Record is to respond to all portions of all reviews. If there are design professionals other than the Architect for Civil, Landscaping, PME, or other categories of work, their responses must be reviewed by the Architect and incorporated into the Architect's response. The Architect is responsible for confirming that consultants employed by the Architect or Sponsor receive reviews and other pertinent development correspondence, and for coordinating changes throughout the construction documents.
- 2) Indicate the Reviewer and the review date in the response. Retain in the response all comments made in the review, including comments noted as satisfactorily addressed in previous reviews.
- 3) The response must be specific as to what was done, why, and where the change is found in the contract documents. If no change is made, explain why. "See revised drawings", and "See revised specification", are not acceptable responses. Use a contrasting font for the response so the reader can differentiate the response from the text of the review. (Color can be used but should not be the sole means of telling the difference.)
- 4) If revisions have been made in response to the review, revised documents must be sent to the Reviewer as a condition for completing the review.
- 5) Provide a single set of drawings and specifications to each MSHDA assigned Consultant and only one set to the MSHDA Design Review Office in Lansing.

### All Correspondence

- 1) Please include the MSHDA development name and number in all correspondence, including the subject line of all e-mail correspondence.

The system shall also activate a remote signal in the manager's unit if a secondary panel is provided. Unit smoke detectors shall not be wired

# SAMPLE

in a "buddy" or "zoned" configuration with other **dwelling** units nor shall they initiate the general building alarm.

"Fully addressable" shall mean that this unit smoke detector system shall have the capability to identify the location of the dwelling unit from which the signal originated and display such information at the annunciator panel. The system must require a manual reset at the annunciator panel. The system shall also have the capability to send the same identifying information to a remote location off-site to a monitoring agent, a pager, etc.

The operation of this system shall be discussed during the design stage with the local fire department to determine how the system shall operate. The operation of the system shall comply with the fire department regulations, however the capabilities of the system, as required herein, shall not be diminished.

The fire alarm riser diagram shows initiation devices zoned by floor and wing. This is not acceptable for smoke detectors in dwelling units. Revise. Verify that the system has the capability to send identifying information to a remote location off-site.

## 16720.2 Emergency Call

An emergency call system shall be installed in all buildings designed for elderly residents. The emergency call system shall be a "fully addressable" system which shall include:

- 1) pull cord stations in the bathroom and bedrooms with "furnishability" dictating station placement (note especially conflicts with towel bars);
- 2) **optionally** a light, and only a light (not to include a bell or alarm) over the unit entry;
- 3) an annunciator panel located in the manager's office or reception area on which a light displays and a sound is emitted to indicate the dwelling unit in which the emergency call was pulled; and
- 4) **optionally** a remote annunciator panel located in the manager's unit.

To be "fully addressable" the display at the office annunciator panel(s) shall differentiate between the smoke detector alarm signal and the emergency call signal and shall be able to identify from which dwelling unit the call originated. The system must require a manual reset at the annunciator panel. The system shall have the capability to send the same identifying information to a remote location off-site to a monitoring agent, a pager, etc.

The operation of this system shall be discussed during the design stage with the local emergency medical service provider to determine how the system shall operate. The operation of the system may comply with the service provider regulations, however the capabilities of the system shall not be diminished.

Acceptable.

## 16722 Building Security and Detection Systems

Intrusion alarms shall be installed within residential units, which are at grade or otherwise accessible to intrusion, in areas where criminal trespass is a substantial problem.

Acceptable.

## 16740 Telecommunications Systems

In dwelling units designed for occupancy by elderly residents, a telephone jack shall be provided in the living area and in the bedroom.

Add a telephone jack to Typical "C3" Unit Plan in living area.

## 16760 Intercommunications

All buildings that are designed to include a multiple number of dwelling units accessible through a common entry shall have a two-way intercom between the main entry and the individual units. Intercom communications shall not result in costs to the resident.

# SAMPLE

Acceptable.

In areas where added security is necessary, as determined by MSHDA and the development's management company, door releases at common entries shall be at the door and not remotely operated.

Verify if added security is necessary.

## 16780 Television Systems

A central TV antenna system shall be provided unless three major networks and public television can be received at the site without cost to the resident or basic cable is to be provided at no cost to the residents. All units shall be wired for cable television. Television antenna and cable outlets shall be provided on at least two walls of the living room and one location in the master bedroom. All antenna and cable wiring shall be concealed within walls.

Cottage units only have one outlet in the living room.

## 16850 Electric heating

Electrical heating shall not be used except as specifically approved by MSHDA (refer also to **15010.2.**)

New electric baseboard heaters called out in specifications.

## Review of Electrical Drawings

### General Comments

1. Add a light fixture to Type "A" Unit Plan w/o Balcony in the furnace room.
2. Electrical One-Line Diagram indicates the generator size as 100 KW; specifications indicate the generator size as 150 KW. Please verify which is correct.
3. Mech. 109 has a smoke detector with Key Note 23; this is the wrong key note.
4. Mech. 109 shows a Key Note 32; key notes only go up to 28.
5. May want to consider emergency lighting in Kitchen 128 for safety reasons.
6. One of the emergency type "R" light fixtures in Computers/Library 215 (near elevator) is not shown shaded.
7. First floor background is shown for second floor core emergency lighting (Drawing E5B).
8. There are three symbols for smoke detectors: A backwards "S" in a circle, an "SD" in a hexagon, and an "SD" in a circle. There are two symbols for smoke dampers: An "S" in a hexagon and an "SD" in a hexagon. This is confusing.
9. Regarding the three-way light switch for the porch light at the cottage units; where is the other three-way switch? Where is the light switch for the outdoor garage light (type "D") at the cottage units?
10. Add elevator #1 and trash compactor to Switchboard MDP (normal power feed).
11. Correct errors in apartment feeder calculations for "B3", "C2" and "C3" units  
Pole base details 1 and 2 on Drawing ES1 show a scale of 1" = 40'-0", which is clearly incorrect.
